

Make Your Own Mini Elephant

Do you have some empty bottles at home?
Try making your own mini elephant!

You will need:

1 empty milk bottle

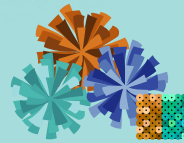

Scissors

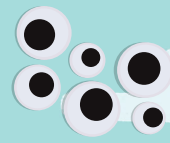

Acrylic paint/
Permanent
markers

Glue

Sequins, pom poms,
any craft material
you wish!

Googly
eyes

Step 1

Mark out lines on the milk bottle and cut along them – you only need the top half. Get your adult to help you with this challenging step.

Step 2

Paint the bottle (or use permanent marker if you prefer!). Remove the cap first so you don't accidentally colour it.

Step 3

Decorate the bottle cap and add whatever you like to your mini elephant - it's all up to your creativity!
